TISSINO

Creating exceptional bathroom experiences is at the heart of TISSINO.

Inspired by a passion for Italian design, our products expertly balance function and form and uphold a quality of excellence which is made to last. Our core collection is complimented by a design-led, exclusive range – Esclusiva – which has been meticulously crafted in line with moving trends.

From showering to heating, our extensive range undergoes rigorous quality and performance testing, with ease of installation always a priority.

With decades of experience in bathroom design and innovation, our team are dedicated to making your space feel like a sanctuary which can be enjoyed for many years to come.

Your bathroom, made **beautiful**

Our in-house design team leads the way in creating innovative and stylish bathroom solutions. We offer a diverse portfolio that caters to all tastes and budgets, ensuring you have the latest trends and timeless designs.

Our team are experts in balancing beautiful design, latest innovations and product practicality to produce a range of products we're proud to say are TISSINO.

No product goes to market without rigorous testing and quality checks by our internal quality team.

ESCLUSIVA

Quality that lasts

Introducing Esclusiva by Tissino.

The origin of the Tissino brand is rooted in beauty and innovation, and our statement Esclusiva range captures these core values in one luxury offering.

With eye-catching matching finishes, signature bathing designs and elegant furniture, the Esclusiva collection is a perfect balance of trend and timelessness using the highest quality raw materials.

Consciously crafted and rigorously tested, the durability and serenity of products within the Esclusiva collection ensure a bathroom experience which lasts.

Esclusiva collections can be found within the brochure on the signature navy blue pages.

These collections are only available in store at our Tissino retailers, to find your nearest retailer please visit: tissino.co.uk/find-a-retailer.

Furniture Collection

From crisp clean lines to cool elegant curves, Tissino's bathroom furniture encapsulates the very best in Italian inspired design. Each item combines superior aesthetics with high quality workmanship and functionality to create furniture that not only looks the part, but also works superbly day after day.

Generously proportioned storage units offer plenty of space for bathroom essentials, while beautiful washbasins add a sense of style to daily washing routines. Choose from a range of colours, including the stunning Soft Taupe featured across all furniture collections, to a deep Midnight Blue in Mozzano and a bold Terracotta Blush in the Stratto collection. Either way, Tissino furniture always makes a winning statement.

MOZZANO | Reduced Depth Basin Units

Mozzano reduced depth basin units offer a shallower design which fits neatly in small spaces – an ideal option for bathrooms where a door opens next to the unit or wider access is required. This 390mm shallow depth basin and unit is available in all colours across the Mozzano range and features high quality Blum drawers inside along with soft-close mechanisms.

Pair with reduced depth basins from the Catina range for a seamless overall look in gloss white. Please note: these basin units are not compatible with Vitolo or Cellini basins.

Available in all of our Mozzano colour finishes, complete your design with a matching WC Unit or Cloakroom furniture unit. The cloakroom furniture unit features a compact design with left and right-hand door options, determined by the side of the hinges. Offering plenty of storage space and an integrated handle to match the wider Mozzano collection, the sleek design makes the most of space-saving opportunities. The WC unit is a simple and stylish way to hide your cistern and match the rest of your furniture without the need to build a false wall.

Giorgio

When it comes to taking a refreshing shower, it's easy for the elegance and beauty of the shower fitting to attract all the attention. However, it's important to remember that a perfectly performing shower is about much more than simply the source of the water. What lies underfoot is just as important, and is crucial to the continuing daily pleasures that a good shower can deliver.

Black Slate

White Slate

Our Giorgio collection of high quality shower trays and wall panels are designed to combine immaculate good looks with **durable, long-lasting performance**. Manufactured using **hard-wearing** stone resin, all our Giorgio shower trays feature an exquisite stone surface protected by a unique gel finish. They are naturally **slip resistant** – very important in such a potentially hazardous environment – and **comfortable** too.

There are a number of neutral colours featured throughout the Giorgio range, including Black, Graphite, Grey, Soft Taupe and White Effect. A wide range of sizes are available, allowing for the product to be matched perfectly with the room dimensions. Each Giorgio2 shower tray also includes a 100mm border that can be trimmed away if necessary in order to accommodate obstructions or off-square walls.

Whichever stylish colour you choose, your Giorgio shower tray will provide many years of comfort, strength and practicality, all inspired by the same qualities of Italian design flair that can be seen and admired throughout our Tissino collections.

Giorgio Lux

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an **integrated maxi-flow waste outlet**, so as the water hits the surface, it is **channelled away discreetly and efficiently**.

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower – a sleek, **slip-resistant** surface that adds a touch of class to any shower enclosure.

Rectangular Shower Trays | FINEZZA

Perhaps it's no surprise that the Finezza trays are such a graceful solution for a variety of contemporary shower styles. After all, their name is the Italian word for 'finesse', and they live up to this billing with their exquisite natural **stone-effect finish** along with a non-porous surface with a high quality, robust resin and mineral core.

Finezza shower trays are available in a wide range of sizes to suit bathrooms both large and small, and as the tray edges can be trimmed by up to 100mm, you can be sure of a precise fit wherever they're installed.

Every detail exudes quality, with the **high-capacity waste** whisking water away at a rate of up to 34 litres per minute, and a colour-matched grate adding a thoughtful finishing touch. And of course, there's a 10 year guarantee too for long-lasting peace of mind.

Toughened Glass

Wetroom Compatible

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass **easier to clean than untreated glass**. The coating also improves clarity and visibility, so with regular cleaning, your Tavo shower will stay **looking like new for longer**.

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

ESCLUSIVA

Idro

What makes the **perfect shower experience**? For some, it's the gentle sound of running water – a sound that can ease away the day's stresses and strains. For others it's the chance to retreat into a closed world of relaxation and comfort. And for most, the sense of washing away worries and emerging refreshed is definitely something to be savoured.

- / 8mm glass with Brillo Vetro protection
- / 1950mm in height
- / Range of sizes
- / Solid brass clamp included
- / Anodized coating – Matt Black or Brushed Brass
- / Can be fitted to the floor or a shower tray

brillo VETRO
 Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass **easier to clean than untreated glass**. The coating also improves clarity and visibility, so with regular cleaning, your Idro shower will stay **looking like new for longer**.

Whatever your personal take on what makes a great shower, our Idro collection of **high-quality shower glass** is sure to complement the experience. Offering **crystal clear protection** along with impressive good looks, this is a collection of 8mm-toughened glass panels that benefit from our Brillo Vetro **water repellent coating** – a helping hand when it comes to keeping your shower gleaming.

With the kind of effortless elegance you might expect from a collection named after northern Italy's beautiful Lake Idro – located high in the Lombardy region, it nestles in the shadow of the Alps – the Idro panels are a sleek addition to any contemporary bathroom. Available with anodized Matt Black or Brushed Brass detailing, they can be fitted to the floor or a shower tray and are wet room compatible – and come with a reassuring five year guarantee.

Parina

Grand gestures are made up of smaller details, and luxurious bathrooms are achieved through conscious design decisions. Products from the Parina collection work harmoniously with other items in the bathroom, bringing both **form and function** to the space.

- / Contemporary and minimalist design
- / Matt Black and Chrome designs
- / Ceramic disc technology ensuring longevity
- / Durable finish

10 Year Guarantee

Ceramic discs ensure superior operation and longevity

Minimalist design brings a real sense of refinement to any bathroom

Hand Held Shower Kit with 48 water jets available in Matt Black or Chrome finish

The Parina collection brings a real sense of refinement and elegance to the bathroom from slim, high spout taps to concealed basin mixers and bath sets in a range of styles. Thermostatic shower valves are also available, featuring exquisite round handles that are a pleasure to operate.

Available in two contemporary finishes, the collection is designed to complement bathrooms in a bold yet understated way.

Our Parina collection may exhibit high quality **minimalist design**, but there's nothing minimal about the choices available throughout the range.

Bavera

Designed around a **smooth cylindrical tap post**, each Bavera mono tap features a **soft square spout** and a **designer handle**.

There are two tap styles available in the collection – a standard fitting in a choice of gleaming Chrome or stylish Matt Black, or a high spout option with a taller, slender profile.

The Bavera range is inspired by the very best in Italian design and whatever option you choose it will add an extra touch of elegance.

- / Easy grip designer handle
- / Premium single cast body spout
- / Soft square and full cylindrical body for easy pairing
- / High spout option for vessel basins

Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the high quality glass helping to keep water at bay.

Perma Bianco

Perma Bianco bath panels are manufactured using a pliant acrylic and are an innovation that overcomes unsightly discolouration in bath panels. All Tissino bath panels are Perma Bianco to ensure longevity in your colour.

We also offer a premium panel which include a wooden core and a layer of resin reinforcement, which provides a **highly robust rigid** bath panel that is flat and will always maintain its beautiful finish. The acrylic runs right around the edges of the panel to allow for trimming if necessary.

Perma Bianco General Benefits

No more flimsy bath panels - All Perma Bianco panels are made from Acrylic meaning they're stronger than standard bath panels. Plus our premium panels are reinforced with robust material for a rigid panel as whole or trimmed down to fit an awkward location

No more yellowing bath panels - with Perma Bianco acrylic faced material that doesn't discolour easily with sunlight/UV exposure

No more awkward bath panel corners - with our ultimate 1-piece, L-shaped, seamless panel Plus our Perma Bianco panels are colour matched to the bath to ensure a pristine look

NO MORE UNSIGHTLY BATH PANELS

A **unique fixing system** holds the panels tightly together in the corners to create a finish that is **aesthetically pleasing**. Various sizes are available that will fit all of our Tissino baths.

The Perma Bianco finish ensures that bath panels stay white and **will not discolour over time**, even if exposed to sunlight.

Premium Choice

Upgrade to our premium baths and panels with extra reinforcements for a stronger and warmer bath that lasts even longer.

Otello

Comfort and functionality are at the heart of efficient bathroom design, but there is still room for flair and drama. Otello is designed in alignment with our passion for the creative process and is a contemporary take on a traditional classic.

- / Pre-fitted waste & overflow
- / Slipper bath design
- / Recessed, pop-up White waste and Neutral overflow
- / Crafted from high-grade, quality acrylic

Freestanding Slipper Bath | OTELLO

Otello's namesake is derived from Verdi's highly anticipated, Shakespeare-inspired opera. His penultimate work is regarded as one of his most powerful and was considered a marriage of music and drama. The Otello collection reflects this in its exquisite design, with an immersive curved backrest that welcomes the bather into a complete state of relaxation.

Drawing inspiration from the monumental opera that brought Verdi to the peak of his dramatic prowess, Otello's whimsical curves make a statement in the bathroom and create an unforgettable focal point that will entice houseguests as well as bathers. Otello is manufactured to stay white and will not discolour over time and comes with a 10-year guarantee for complete peace of mind.

Messina

The Messina series of bath screens are supplied in **6mm glass thickness** and protected with our unique Brillo Vetro coating – ensuring resistance against soap deposits for **easier cleaning**.

Available in Chrome, Brushed Brass and Matt Black finishes, those with a hinged design feature a rise and fall hinge preventing wear and ensuring a tight seal.

- / Choose either a square or curved corner
- / 10 year guarantee
- / Fixed, hinged and pivot options
- / Rise and fall hinge allowing the seal to lift on and off the bath rim

brillo VETRO Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your shower glass will stay looking like new for longer.

ESCLUSIVA

Vitolo

Influenced by the contrasting use of robust, hard-wearing materials and the soft, romantic beauty encapsulated by Italian sculpture, Vitolo basins and countertops are exceptionally durable and exquisitely beautiful.

- / Solid surface composite
- / Smooth satin surface
- / Matt White
- / Easy to maintain
- / Basins with three contemporary designs
- / No overflow on basins, free running waste required

10 Year Guarantee

Both the basins and countertops are manufactured from solid satin surface composite material, ensuring that they are robust and hardwearing while also looking exceptionally beautiful to the eye. The Matt White finish complements almost any contemporary bathroom style, enabling the Vitolo products to work in a wide range of contexts from cool minimalism to more sumptuous interior designs.

The countertop features a similarly smooth satin surface and is available in size options to fit furniture of 600mm, 800mm and 1,200mm. All Vitolo countertops also benefit from that reassuring ten-year guarantee.

Davoli wall-mounted basins offer a unique and contemporary design in three high quality finishes, combining a circle or oval bowl shape with a rectangular back for a geometric aesthetic. Choose from Gloss White, Matt White or Matt Black to match wider Davoli Sanitaryware options.

The recessed ceramic back ledge means anything stored around the basin is cleverly concealed from full view, maintaining a slick and minimal overall look which doesn't compromise on ease of use.

The basins must be paired with a Wall-Hung Basin Support Arm in Chrome, white or Matt Black, alongside a bottle trap and waste (all sold separately).

/ Davoli Matt Black 400mm

/ It is recommended to pair all Davoli basins with Midi Spout Taps, found on pages 77-83

Seats

Choose between two seat designs – the wrapover or the slimline. With lids designed to fully cover the seat, the **wrapover** seat offers a clean look and works well paired with close coupled models where the cistern sits directly behind the toilet bowl.

Alternatively, the **slimline** seat is an ideal companion for Back to Wall pans for a more minimal overall look.

Splendore

Our Splendore collection consists of **high quality illuminated mirrors** that make it a pleasure to reflect on your surroundings.

At the heart of each Splendore mirror is a sheet of high quality glass designed to deliver crystal clear reflections **without distortion or defects**. Integrated slimline LED lighting strips round the edge of the mirror throw light onto the face to improve the reflective performance, assisting with intricate shaving or make-up routines. Conventional mirrors can suffer from fogging of the glass, the Splendore collection offers a technological solution to this age old problem.

All models feature a heat pad situated behind the glass that helps **guard against the formation of condensation** – a modern-day remedy that helps maintain the mirror's high performance under all kinds of conditions.

Three Easy Steps:

1

CHOOSE YOUR CENTRAL HEATING TOWEL RAIL SIZE & COLOUR

See page 195 for size and finish.

Check our website for further technical information

2

CHOOSE YOUR DUAL FUEL FOR A WALL OR FLOOR CONNECTION

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element (purchased separately).

A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods.
