Who we are

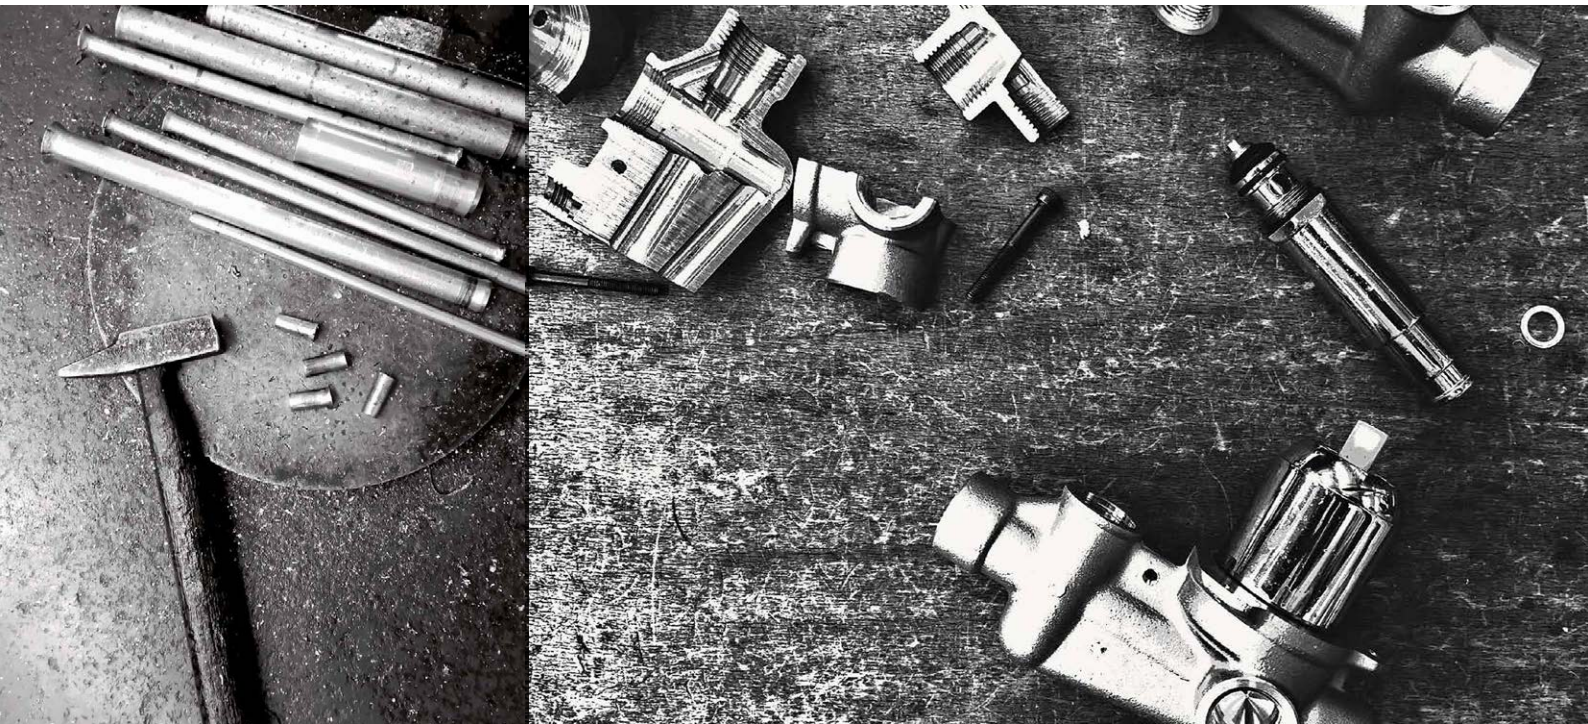

Our tap and shower collections are proudly made in Italy for stunning high quality and beautiful design. We offer numerous design and installation options to suit your personal style and to give you bathroom design flexibility. Modern, contemporary or transversal bathroom styling can be enhanced with the right brassware and shower solutions.

Taps are available in a range of finishes including on trend Matt Black, PVD Brushed Brass, Inox or Chrome. For a unique and ultra-stylish look, the Brushed Brass finish is one that will instantly elevate any bathroom setting. For the total look, matching accessories are available for many of the collections.

Shower solutions vary from basic showerheads to slide rail kits. Check out our Innovation Wave Shower Jets which can massage tired muscles.

Our exclusive Versobox Thermostatic shower mixers will enable you to tailor your showering further by ensuring maximum performance and minimum design, all in solid brass.

EmporioBagno is proud of its curated brassware products, selected for their sophisticated Italian design and high-quality Italian manufacturing.

What we do

Bathroom taps and accessories

Taps and accessories are made in solid brass. Ceramic disk, thermostatic and push-button valves, are all compliant with European and international standards including WRAS & KIWA. Finishes are available in Chrome, Inox, Matt Black and PVD Brushed Brass, Copper and Black.

Showers

Our Versobox system gives you maximum performance and minimal design with only a 70mm wide finish set. With our high flow rates, we can ensure you get maximum enjoyment in showering or filling a bath.

Showerheads

Built-in and wall-mounted showerheads with rain, waterfall, mist jets.

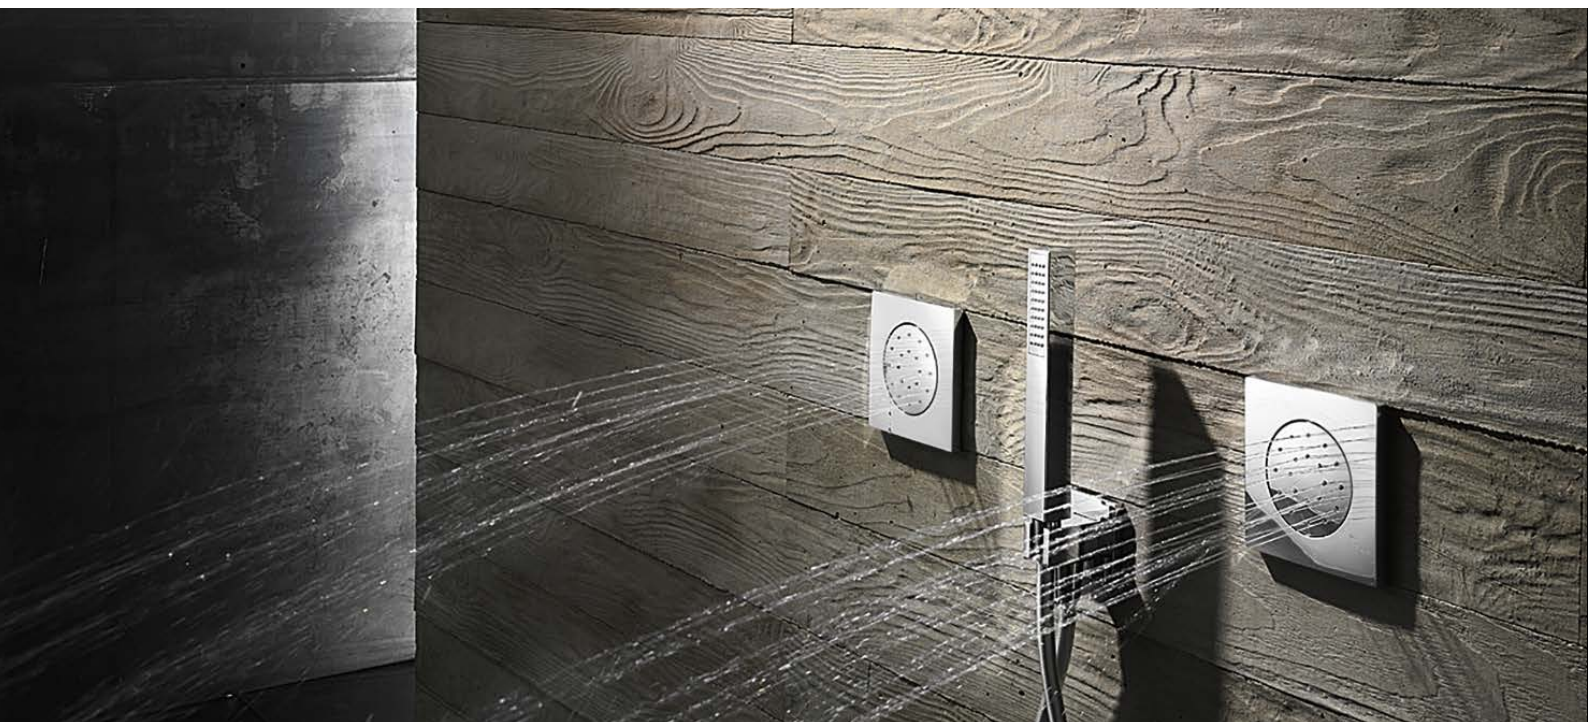

Where we produce

100% Made in Italy

EmporioBagno products are entirely made in Italy, within the Lake Orta District where some of the world's best specialists worldwide in brassware production can be found.

We handpick our suppliers based on their specialised areas within manufacturing of taps, mixers, shower valves and shower fittings. They offer us the best ideas, raw materials and manufacturing processes.

Made in Italy means you receive quality, innovation and design!

Designing a Sustainable Bathroom

EmporioBagno® products are made in Italy with green thinking in mind. Our manufacturers are leading the way when it comes to producing high quality bathroom products using greener materials and more environmentally friendly processes.

Taps and Showers

Taps have NEOPERL aerators to regulate the flow of water and therefore increase water saving.

The PVD finishes on our tap and shower products are not only more durable but the application process eliminates the need for liquid solvents or hazardous chemical substances. This ecofriendly coating avoids liquid pollutants or chemical residues being released into the environment.

Shower heads and hand showers are designed to operate with lower flow rates for water saving but without compromising on the showering experience.

Baths and Shower Trays

Baths are made from non-porous, ecofriendly plant-based materials for luxurious looks, durability, comfort, hygiene and sustainability.

- Our matt Solid® solid surface baths are 100% re-cyclable and have achieved the Gold Certificate Green Guard by LEED® for the material's low impact on the environment.
- Our MineralMarmo® baths have a beautiful pure white gloss finish. Mineralmarmo® is the only cast solid in the world with recycled PET-based resins and is 100% re-cyclable.

Our shower trays are also made from Solid®, offering a high quality and environmentally friendly alternative to the typical acrylic trays.

EmporioBagno® baths and shower trays are scratch resistant, resistant to chemical products and yellowing plus chips and stains are restorable. Our baths and trays are designed to stand the test of time.

Showers Alla Moda!

EmporioBagno showers are designed to look and feel luxurious.

Designed and made in Italy, showers range from specialised ABS chrome showerheads to statement mirrored steel options mounted flush to ceiling. Shower options take you from everyday simplicity to showering chic.

Showerheads and hand showers are available in a wide range of shapes and styles to create your perfect designer bathroom. Look for matching items to achieve a coordinated look.

5 year guarantee

STONE TRAYS have a
5 year guarantee

SHOWER GLASS have a
Lifetime guarantee

WETROOMS have a
25 year guarantee

The products in this brochure are chosen for their stylish design and high quality. Products can be bought with confidence, guaranteed free from defective manufacturing.

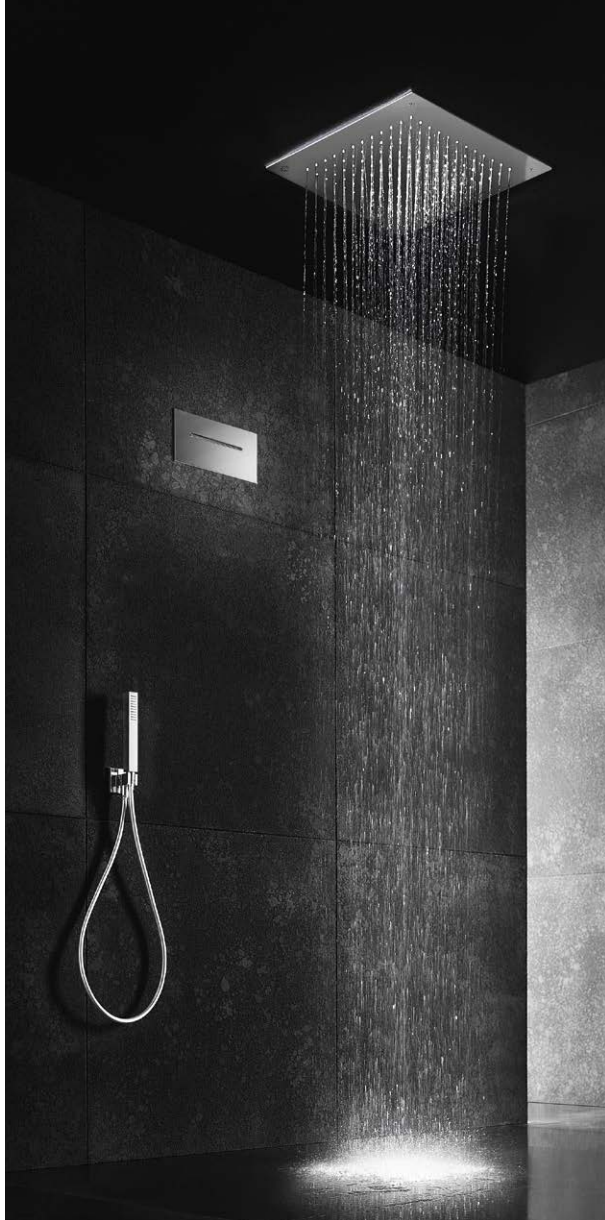

If you have a problem with any of the EmporioBagno products in this brochure, please see the approved retailer you purchased the products from for assistance. Your EmporioBagno retailer will be happy to assist you and will work with EmporioBagno to resolve your issue.

Where there is no straight forward resolution, the guarantee above applies so that you can have peace of mind.

EmporioBagno products are only covered by this guarantee when purchased from an approved EmporioBagno retailer, they are installed for private domestic purposes in the UK and they have not been modified in any way.

It is important that EmporioBagno products are maintained in accordance with any special instructions provided and are otherwise cleaned carefully with suitable cleaning products. The guarantee covers products in normal domestic use and does not cover damage, neglect, misuse or inappropriate cleaning.

Please note that the guarantee is offered to the original purchaser. The guarantee is in addition to and does not affect your statutory rights. To allow the continual development of the ranges, EmporioBagno reserves the right to change the colour, designs and specifications of the products in this brochure without notice.
