

2020 ACCESSIBLE WASHROOM RANGE

INTRODUCING OUR NEW
NYMASAN RANGE - SEE PAGES 46-49

NYMA[®] SAN

THE

Supporting Independents

With over 20 years in the accessibility market and 50 years experience in manufacturing, we have become recognised as the preferred supplier of accessible bathing equipment to a wide spectrum of customers. These include local authorities, merchants, OEM clients, hospital projects, nursing homes and hotels.

NYMA[®] CARE

Formulated specifically for high use public environments, this range is ideally suited to hospitals, public amenities, mental health units and nursing homes.

NYMA[®] PRO

Cost effective products that are both simple and durable. Designed with ease of installation and client safety in mind. This range is the ideal solution for home adaptations, residential care homes, social housing, private use and commercial developments.

NYMA[®] STYLE

Compliance and design combine to create a range of products suited for a wide variety of installations, such as hotels, private homes and private healthcare providers.

NYMA[®] SAN

Designed and developed in direct response to the increasing demand for reliable, stylish and robust hand sanitizing solutions across a wide range of installations.

DOC M Explained

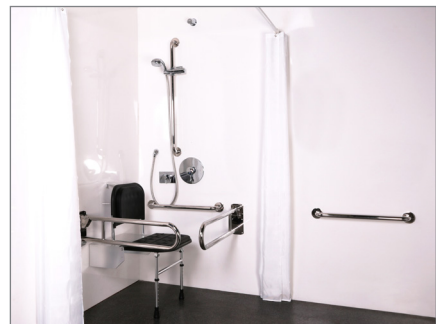

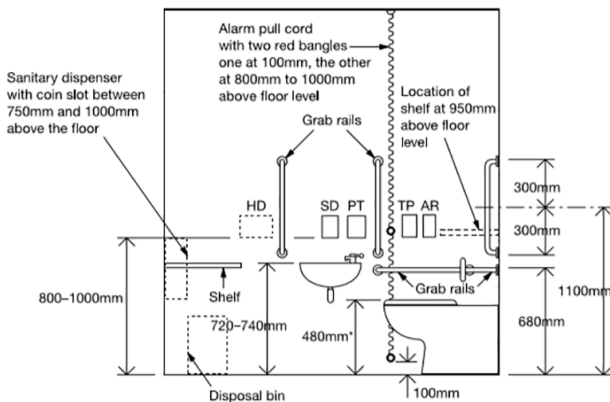

What is DOC M?:

Part M of the Building Regulations clearly sets out how the various components that make up an accessible washroom are to be laid out. NYMAS Doc M Packs contain all the sanitaryware and fittings to comply with the standards set out in Doc M. They have been approved by LABC to meet local authority requirements.

Key Points:

- Heights and layout of fixtures and fittings
- Doc M approved fixings & accessories
- Wheelchair accessibility & turning circles (if appropriate)
- Door positioning
- The correct layout for specified use.

Everything you need for a
Doc M compliant washroom -
and all in one box.
